Notes

- Make certain all of your financial aid requirements are complete so that your aid will disburse on time.
- New York State Aid begins disbursing towards the end of October. If you anticipate receiving NYS aid, make certain your [ETA](#) is complete.
- Outside scholarships usually are applied to the student account bill, but there may be some scholarships that are given directly to the student. If the scholarship is given directly to the student, the scholarship amount should not be included in the amount of Grant Aid and External Funding.
- Outside scholarships are applied to the student account by Student Financial Services, and may be applied to terms differently than we have planned here.
- Aid that disburses later in the semester may delay the receipt of any anticipated refund.
